OSEB302Z0103

Products ▶ Photoelectric Sensors ▶ Light Curtains for Measuring Tasks ▶ OSEB302Z0103

- **Test input**

As these light curtains for measurement tasks are equipped with an integrated evaluation unit, external connection units are not needed. Objects are both recognized (via the digital output) and measured (via the analog output). The light curtains can be set up easily using the menu-controlled graphic display. Convenient parametrization and quick diagnosis is possible via the IO-Link interface.
